To whom it may concern,

We have been using Solan System's Jet Air Curtain for 4 years and have been impressed with the effective operation of the curtains. The curtains are fuel efficient and reliable.

On a general note, Solan Systems relays our inquiries to suppliers in a timely fashion. Responses are quick and professional. We have found that Solan Systems understands the technical issues involved, as well as the commercial constraints. We consider Avi Salomon and his team to be experts in finding solutions for the cooling chain.

Kind regards,

Baruch Malka  
Transportation Office Manager
